MEMORANDUM FOR : Deputy Chief, GSD

INFO : Chief, GSD

SUBJECT : Appointment to []

In view of [] resignation, it is desirable that responsibility for his work with [] be immediately reassigned. Because of your background on the [] Program in the overall OEL plans for Computer Processing, I believe you are most qualified to handle this assignment. I discussed this with [] needless to say he is delighted. I would like very much to review the attached memorandum with you prior to the meeting.

I believe that the number of items in here for action should not be OEL functions or if OEL functions, should be in AND rather than GSD. The only GSD requirements that I see are 11 and possibly 8 with some additional effort perhaps on 10.
